## Topics covered during this one-day seminar

1. *Understanding Electromagnetic Fields (EMF)*
2. *The Four Components of Human-made EMF*
  - AC Electric Fields
  - AC Magnetic Fields
  - 'Dirty Electricity'
  - Radio Frequency Radiation (RF)
3. *The Health Effects of EMF Pollution*
4. *The Science of Measuring EMFs*
5. *Commonly used EMF Meters and Detectors*
6. *Standards and Thresholds*
7. *Proven EMF Remediation Strategies*

## Who Is To Attend?

- Dowsers
- Wellness Professionals
- Health Practitioners
- Electricians
- Home Inspectors
- Architects and Builders
- Environmental Entrepreneurs
- Environmentally Conscious Individuals
- Students of all Disciplines

## **White Zone for Radiation**

You will be required to turn off your cell phones and PDAs rather than switching them to vibration and be 100 meters from all other attendees to use them. The wireless feature on all laptops must be disabled for our mutual safety.

## **Scent Free Zone**

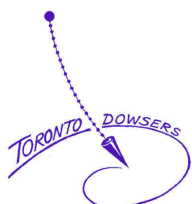

**Please do not wear Scents** of **\*any\*** sort to our seminar. Dowsers and those with Multiple Chemical Sensitivities are highly sensitive people. Thank You!

## **Early Registration Special**

Up To Fri. April 16, 2010, 9 pm EST  
Before: \$140 After: \$160  
Seating is limited!

## **EMF Instruments**

Detectors, Meters and Filters will be available for purchase.
